“Renewable Energies Transfer System” Seminar

June 14-16, 2011

Place

**Bucharest, Hotel Ramada Nord
44 Daniel Danielopolu St.**

The RETS project “Renewable Energies Transfer System”, financed by the European Programme INTERREG IVC, was launched in January 2010. The 3-year project will be carried out in cooperation by twelve organizations from nine European countries.

Within this project an international seminar on renewable energies will be organized in Bucharest between 14th and 16th of June 2011.

The seminar will bring together representatives of the local authorities, experts, businessmen, other factors involved in the field of renewable energy policies and will enable the exchange and transfer of RES knowledge and best practices.

The seminar is organized by the Energy Research and Modernizing Institute ICEMENERG – Bucharest which is a member of the consortium implementing the RETS project.
